BLUEBERRY'S SPRING-SUMMER 2022 COLLECTION

Although we are living in difficult times at the moment, here we are again, to present you our next Spring Summer 2022 collection. In the hope that we all learn to surf the wave of uncertainty with grace and strength

We would like to take this opportunity to thank all our current customers that have shared with us their support and positive attitude and a warm welcome to the new ones to give us the opportunity to grow together.

A BRIEF DESCRIPTION

Nature's colours and shape are always inspiring our collections and we try to reproduce their beauty in our unique prints and wide range of colours and shape.

We believe in the idea of producing clothing from natural fibres so that we can deliver clothing that suits a natural style of life.

Sourcing the finest yarn from the best suppliers is a key step our design process. With that as a base we can treat, embroider & print our linen to enhance its qualities without losing its underlying characteristics of freshness & lightness.

Simple lines, shapes & volumes are always a component of the most successful, timeless & recurrent trends. This & their ability to suit a broad range of silhouettes make them a core part of our design process.

We want to be able to deliver that element of timelessness & comfort to the broadest possible audience from size small to xxl.

That something is 'affordable' should not mean that it is either cheap or necessarily low in price.

With this in mind when styling our garments we aim for that balance between quality and cost that results in a piece that is not the most expensive in the closet but certainly the favourite!
