AUTUMN WINTER 2021 WOMENSWEAR

One seriously cosy season.

Four collections brimming with brand new
flattering shapes, warm uplifting shades,
smile-inducing prints and eye-catching details.

Plus, sustainably sourced fabrics that
look as good as they feel.

Meet the clothes that make waving summer
goodbye that much easier.

Hello Autumn!

AW21 DROP 2

FOREST FABLES

The Inspiration

Scandinavian folk tales brought to life by our talented in-house design team.

From cool neutrals to warmed up coral and pistachio. Plus, artisanal patchwork and embroidery. Not to mention whimsical forest prints with surprise animals guaranteed to make you look twice.

The Look

Sweater dresses and dungarees. Balloon sleeve tops, cable knit jumpers and slouchy cardis. Teddy bear fabric jackets and parkas. Modern relaxed cuts with a Scandi folk twist, for that laid-back weekend feeling, every day of the week.

The Fabrics

From comfy jersey in Fairtrade Sourced Cotton, snuggly borg and warm responsibly sourced wool, to breathable organic cotton, soft corduroy and sustainable denim. Meet the cosy layers with toasty autumn vibes written all over them.

AW21 DROP 2

FLOWER REGENERATION

The Inspiration

Join our design team on an autumnal walk with a difference. Warm neutrals accented by rich shades in orange, red and teal. Heritage checks, smile-worthy florals and charming fox prints. Rustling leaves, wildlife in hibernation mode, the obligatory hot chocolate - consider your mood boosted.

The Look

Romantic details plus, 70s boho flair. Flattering, versatile, feminine clothes. Shirt dresses and denim midis. Frilly shirts and flared jeans. Fair Isle knits and double-breasted coats.

Just the ticket for taking on the outdoors
- deciding what to wear just got easier.

The Fabrics

From soft cotton/viscose twill to sustainable denim with a touch of comfy elastane, to toasty responsibly sourced wool.

Clothes you'll wear on repeat, why beat the chill when you can enjoy it?— it's a "looks good, does good" thing.

AW21 DROP 2

ORIENTAL JUNGLE

The Inspiration

Inspired by Rudyard Kipling's iconic novel, *The Jungle Book*, our design team take you on a magical mind journey to explore India's wild forests. Warm nudes and neutrals brought to life by green and pink mid-tones. Prints with oriental foliage and curious creatures. Plus, it's not a party without sparkly metallics. The countdown to the festive season is on, let the fun begin.

The Look

Easy-to-wear, modern feminine shapes with details aplenty, made to stand out up close. Pleated midi dresses. Matching tunics and trousers. Knits with metallic threads. Statement jumpsuits. Feel-good clothes you'll want to wear even when the party's over, because every day's better with a bit of sparkle.

The Fabrics

From plush velvet and devore fabrics, to foil print jerseys, beaded georgette and shimmering sequins. Meet the easiest statements you could make. Kitchen discos, neighbourly mulled wines and more - get set to RSVP, yes!

AW21 DROP 2

LOUNGEWEAR

The Inspiration

Idyllic log cabins and hotels with that warm home from home feeling. Waking up to scenic frosty mornings. Join our design team as they batten down the hatches at a cosy winter getaway. Botanical prints in washed blues, reds and creams with pops of joyful pink. Smile-worthy embroidered snoozing birds. Plus, our signature hidden details and contrast trims. Getting dressed can wait a little longer.

The Look

Traditional shapes with a modern twist in the comfiest fabrics. From PJs and jogger sets to nighties and robes. And not forgetting mix-and-match shorts, vests and tops. Snuggling up on the sofa never looked or felt so good.

The Fabrics

From breathable organic cotton to soft Fairtrade Sourced Cotton and comfy brushed jersey. Stylish lounge and sleepwear you'll want to change into as soon as you walk through the door, plus all the ingredients for the cosiest of sleeps - dreamy!

AUTUMN WINTER 2021 MENSWEAR

A versatile wardrobe layered with cosy vibes.

Two collections made in cold weather heaven,
that look as good as they feel.

All-weather-ready, why beat the chill
when you can enjoy it?

Autumn starts here.

AW21 DROP 1 FIGURATIVE ARTISAN

The Inspiration

Great Britain's varied and invigorating landscape brought to life by our in-house designers.

Earthy tones, calming sea blues and warm rusty oranges accents made cosier by soft, tactile fabrics. Toasty layers on, country and coastal walks here we come.

The Look

Utility vibes, plus artisan inspired details equals classic wardrobe staples with a modern edge. Shackets, gilets and quilted jackets. Knits and sweats. Check shirts, stripe tees and waffle Henley tops. Cargo and carpenter trousers. Easy looks you know and love, getting ready just got easier.

The Fabrics

From soft corduroy and warm responsibly sourced merino wool to breathable organic cotton and comfy jersey. Plus, durable sustainable denim with a dash of stretch for comfort. Feeling good never looked better.

AW21 DROP 2

RURAL RENAISSANCE

The Inspiration

Inspired by mother nature, it's time to wrap up and join our design team as they explore the great outdoors. Neutral forest tones - camel, tobacco and olive, accented by rich berry shades. Fair Isle patterns, cable knits and faux shearling. Taking on the chill is a walk in the park with these all-weather heroes.

The Look

British heritage inspired looks with a workwear twist. Smart-casual everyday pieces you'll reach for again and again. Warm Borg jackets and parkas. Cosy shawl collar jumpers and fleece lined sweaters. Durable jeans and corduroy shackets. Work to weekend - hello effortless style.

The Fabrics

Clothes with a conscience. From cosy borg that looks like fluffy shearling and responsibly sourced, warm merino wool, to soft 100% Fairtrade Sourced Cotton jersey and great fitting sustainable denim. Seriously good stuff, for you and the planet.

CASHMERE

Our cashmere is sourced from a supplier who has full traceability of the cashmere yarns back to the farms. The farms, based in Mongolia, are run in accordance with the highest standards of animal welfare and the Five Freedoms, as agreed with the RSPCA.

FAIRTRADE SOURCED COTTON

Fairtrade Sourced Cotton supports the people at the beginning of the supply chain - the farmers who sow, grow and harvest the raw cotton. Fairtrade ensures that they earn a fair price for their cotton and a Premium to invest back into their communities.

LENZING™

LYOCELL:

TENCEL™ Lyocell fibres are derived from sustainable wood sources and made in environmentally responsible closed loop production processes. The solvent-spinning process recycles process water and reuses the solvent at a recover rate of more than 99%, meaning a high resource efficiency and low ecological impact.

RECYCLED FIBRES:

To minimise our environmental impact, we're working hard to incorporate recycled fibres into our collections.

ORGANIC

Organic cotton is grown from non-genetically modified seeds and without the use of synthetic pesticides and fertilisers. By avoiding synthetic inputs, it means that farmers and the environment are being exposed to fewer harmful chemicals.

VISCOSE

LENZING™ ECOVERO™ viscose fibres are derived from sustainable wood and pulp, coming from certified and controlled sources. The production processes are environmentally responsible and closed loop, minimising their ecological impact. The manufacturing of LENZING™ ECOVERO™ generates up to 50% lower emissions and water impact than generic viscose.

RESPONSIBLY SOURCED WOOL:

As a brand, we are renowned for our love of animals and do not condone cruelty in any way. All raw materials are ethically sourced from reputable suppliers and we require our suppliers to demonstrate that ethical processes are being followed. We require suppliers to provide certification that our wool comes from non-mulesed sources.

DOING GOOD STUFF IN DENIM:

We have chosen to partner with suppliers who are actively working to minimise the amount of resources that are used in the making of our jeans. Our suppliers are using innovative technology to reduce and recycle the water used as well as reducing chemical usage by using laser and ozone to make our great products.
